IN RE NATIONAL PRESCRIPTION OPIATE
LITIGATION

MDL No. 2804

This document relates to:

Case No. 17-md-2804

*The County of Summit, Ohio, et al. v. Purdue
Pharma L.P., et al.*

Judge Dan Aaron Polster

Case No. 18-op-45090

**SUMMIT COUNTY AND CITY OF AKRON, OHIO PLAINTIFF'S
SUPPLEMENTAL RESPONSES AND OBJECTIONS
TO DISTRIBUTOR DEFENDANTS'
INTERROGATORY NUMBERS 10, 11, AND 12**

Pursuant to Rules 26 and 34 of the Federal Rules of Civil Procedure and the Case Management Order in *In re National Prescription Opiate Litigation*, No. 1:17-cv-2804 (Dkt. No. 232), the County of Summit, Ohio and the City of Akron, Ohio (collectively "Plaintiff") hereby responds to Distributor Defendants'¹ Interrogatory Nos. 10, 11, and 12 (the "Interrogatories" and, each individually, an "Interrogatory"), as follows:

OBJECTIONS

The following objections apply to each Interrogatory. To the extent that certain specific objections are cited in response to an individual Interrogatory, those specific objections are provided because they are applicable to that specific Interrogatory and are not a waiver of the other objections applicable to information falling within the scope of such Interrogatory.

1. Plaintiff objects to each Interrogatory to the extent they are overly broad, vague, unduly burdensome, seek information that is not relevant to any party's claim or defense, or seek

¹ The Distributor Defendants are AmerisourceBergen Drug Corporation, Cardinal Health, Inc., and McKesson Corporation (collectively "Distributors").

to impose obligations or require actions beyond those required by the Rules of Civil Procedure, the ESI Protocol entered in this matter or the Local Rules of the United States District Court of the Northern District of Ohio.

2. Plaintiff objects to each Interrogatory to the extent they seek information restricted from dissemination pursuant to court order, statute, or regulation. Further, any response made by Plaintiff to the Interrogatories is not intended to waive, and does not constitute any waiver of, any objection to the admissibility, authenticity, competency or relevance of the information produced or identified.

3. These responses are made solely for the purpose of and in relation to this action. Each answer is given subject to all appropriate objections, which would require the exclusion at trial of any statement contained or document provided herein. All such objections and the grounds therefore are hereby reserved.

4. No admission of any nature whatsoever is to be implied or inferred in these responses. The fact that any of the Interrogatories herein may have been answered should not be taken as an admission or a concession of the existence of any facts set forth or assumed by the Interrogatories, or that such answer constitutes evidence of any fact thus set forth or assumed.

5. Plaintiff objects to each Interrogatory to the extent Plaintiff has not yet completed its investigation of the facts relating to this action and has not yet completed its preparation for trial. Accordingly, these responses are necessarily limited in nature, and reflect only that information known to Plaintiff at this time.

6. Plaintiff objects to each Interrogatory to the extent they purport to require Plaintiff to produce documents that are in the public domain or otherwise available to Distributors as easily from other sources as from Plaintiff.

7. Plaintiff objects to each Interrogatory to the extent they purport to state facts, assumptions, or characterizations that are disputed.

8. Plaintiff objects to each Interrogatory to the extent they seek information more appropriately obtained through other methods of discovery.

9. Plaintiff objects to each Interrogatory to the extent that they seek information that is proprietary or confidential or that is protected from discovery as attorney work product and attorney-client communication, information gathered or prepared in anticipation of litigation, the public interest privilege, law enforcement privilege, public official privilege, and/or by any other privilege or immunity from disclosure (collectively, “Privileged Information”).

10. Plaintiff objects to each Interrogatory to the extent they seek confidential investigative, personal, or health information in Plaintiff’s possession, custody, or control (collectively, “Confidential Information”).

11. Whenever in the responses Plaintiff employs the phrase “subject to and without waiving all objections,” Plaintiff is responding to the Interrogatory as it may be narrowed by its general and specific objections and without waiver of any objection.

12. Any response stating that Plaintiff will produce documents shall be deemed followed by the phrase “as are within Plaintiff’s possession, custody, or control.”

13. Plaintiff objects to each Interrogatory to the extent that they imply the existence of facts or circumstances that do not or did not exist, and to the extent that it states or assumes legal conclusions. In providing these objections and responses, Plaintiff does not admit the factual or legal premise of any Interrogatory.

14. Plaintiff objects to each Interrogatory to the extent they seek information that is not within Plaintiff’s possession, custody, or control, seek documents that do not already exist, or

which purport to require a response by Plaintiff on behalf of an entity or individual other than Plaintiff.

15. Plaintiff reserves the right to supplement, revise, correct, or clarify its responses and objections in the event that additional information becomes available.

16. Plaintiff intends to complete its responses by the time agreed upon by the parties for the completion of discovery, or by the date ordered by the Court. Upon request by the requesting party, Plaintiff is willing to meet and confer regarding its responses to the Interrogatories. All final decisions regarding whether any information will be withheld pursuant to any objection shall be made, and notice thereof provided, before the completion of written discovery.

17. Plaintiff objects to the Distributors' instruction that: "Each Plaintiff must individually respond to each of these Interrogatories." No federal rule prevents Plaintiff from submitting collective answers to Distributors' collective Interrogatories. Where the responses and objections to these Interrogatories are the same for each Plaintiff, a collective response herein will in no way prejudice Defendants. In each instance where the answers are not the same for each Plaintiff, any differences have been set forth herein with particularity.

NON-WAIVER

1. Plaintiff's responses are made without waiving its right to object (on the grounds of relevancy, hearsay, materiality, competency or any other ground) to the use of its responses in any subsequent stage or proceeding in this action or any other action.

2. If Plaintiff, in response to any Interrogatory, inadvertently discloses information that is or could be the subject of the objections stated herein, such disclosure is not intended to be, nor is it deemed to be, a waiver of the objections with respect to such information disclosed.

3. Plaintiff's failure to object to a specific Interrogatory on a particular ground or grounds shall not be construed as a waiver of its rights to object on any additional grounds.

4. Plaintiff responds herein based upon information it has been reasonably able to gather at the time of making these responses. Plaintiff reserves its right to amend and/or to supplement its objections and responses to the Interrogatories, consistent with further investigation and discovery.

SPECIFIC RESPONSES AND OBJECTIONS

Interrogatory No. 10:

Identify each instance for each year of the Timeframe in which You notified a state or federal official or agency (including but not limited to the United Stated Drug Enforcement Agency, a United States Attorney or representative thereof, Ohio Department of Medicaid and its constituent providers, Ohio Department of Public Safety, Ohio Automated Rx Reporting System, State of Ohio Board of Pharmacy, and State Medical Board of Ohio), insurer, third party payer, or pharmacy benefit manager of suspected diversion, improper or excessive dispensing, improper prescribing, unlawful sale, or other suspected wrongdoing related to Prescription Opioids.

Response to Interrogatory No. 10:

See response to Interrogatory No. 1 from Summit County and City of Akron, Ohio Plaintiff's First Amended Responses and Objections to Distributor Defendants' First Set of Interrogatories served on June 20, 2018. Plaintiff objects that this Interrogatory is overly broad and unduly burdensome and seeks information beyond Plaintiff's possession, custody, and control. Further objecting, the Interrogatory contains a reference to several undefined terms and phrases, namely, "excessive dispensing" and "improper prescribing." Plaintiff objects to this Interrogatory because certain responsive information is subject to the law enforcement privilege or privacy rights.

Subject to and without waiving all objections, Plaintiff answers as follows: Plaintiff refers Defendants to <https://www.ohiopmp.gov/Reports.aspx> for available OARRS data. Plaintiff further directs Defendants to the following documents:

Include as part of your response any information or evidence that connects each investigation, arrest, or prosecution to a Prescription Opioid distributed by Distributor Defendants.

Response to Interrogatory No. 11:

Plaintiff objects that this Interrogatory is overly broad and unduly burdensome and seeks information beyond Plaintiff's possession, custody, and control. Subject to and without waiving all objections, Plaintiff will conduct a reasonable and diligent search for and, if such information is in Plaintiff's possession, custody, or control, will supplement this answer with non-privileged information responsive to this Interrogatory once the information is available to the Plaintiff.
